Coronavirus Update

31/03/2020

During these difficult times, the Club is making use of the Government's Coronavirus Job Retention Scheme, and as a result on 1 April I will be on furlough leave and out of the office. This scheme is being rolled out to a lot of staff at the Club in order to safeguard it's future.

Please email governance@camc.com for future correspondence as there will be no access to my email account whilst I am out of the office.

I would like to draw your attention to the following:

2021 National Park Rally programme

The deadline for submissions will be extended, so please do not worry about this. Please make sure your rally secretary is aware, and a new deadline date will be communicated at a later time.

Communications with the Club

Please try and email the Club where possible, as traditional post may not necessarily be handled immediately. Remember that there is a staff list available on Box that can be downloaded and you can distribute it to your Committees. The staff list shows you the correct emails for the various departments at the Club.

Centre Accounts

When your auditor sends in your accounts to the Club, could you please request that they are clearly labelled to be addressed to the Finance Department at the Club.

Box

This is an online cloud server that you can log onto and access a wealth of information to help you run your Division, Region or Centre.

Centre Membership reports are now being downloaded into a Centre report folder for each Centre Secretary to access. Every Secretary has access with their Box account and should be able to log on.

2020 cancelled Question Time events

It would be very much appreciated if you could possibly arrange to have any of your cancelled Question Time events moved to 2021. By trying to do this we may be able to save on deposits that have already been paid, and I know that some of you have been able to make these arrangements already.

2020 Centre Rally Handbook and Website Competition

Unfortunately, both of these competitions are not able to go ahead this year, which I am sure will be disappointing to you. I hope that you can understand under the current circumstances it is impossible for us to facilitate.

2020 Divisions, Regions and Centres newsletter – volume 1

This is attached and there is a copy available for you on Box.

Thank you for your cooperation and please stay safe and well.

Kind regards

Rebecca Newman
